

JOSHUA KLEIN MALONDA

Computer Science Student & Full-Stack Developer

Email: joshuaklein.malonda@gmail.com **Phone:** 09936634496 **Location:** Legazpi City, PH
LinkedIn: linkedin.com/in/jshmlnd **DOB:** May 11, 2002

TECH STACK

JavaScript TypeScript
React React Native
Node.js Express
MongoDB Java Python

ADDITIONAL SKILLS

- Graphic Designing
- Microsoft Excel

LANGUAGES

- English
- Tagalog

KEY QUALITIES

- Attention to Detail
- Creativity & Innovation
- Structured Problem-Solving
- Technical Adaptability

PROFILE

Ambitious and analytical Computer Science student with a focused interest in full-stack web and mobile application development. Combines strong algorithmic foundations in Python and Java with hands-on modern web technology expertise using React, Node.js, and TypeScript. Driven by UI/UX aesthetics and precise visual execution, bringing technical rigor, creative problem-solving, and adaptiveness to modern software engineering solutions.

EDUCATION

BS in Computer Science
University of Santo Tomas - Legazpi
PRESENT

CORE COMPETENCIES

- Web & Mobile Development:** End-to-end application build using modern JavaScript/TypeScript ecosystems.
- Software Engineering:** Clean architecture, backend API design with Express/Node, and database integration via MongoDB.
- Web & Interface Design:** Fusing functional UI workflows with creative graphic asset design.

CERTIFICATIONS & SEMINARS

BITSCON (Bicol IT Schools Conference)

WORK EXPERIENCE

Currently pursuing academic degree. Prepared to apply software engineering, full-stack, and design capabilities through entry-level roles, internships, or collaborative development projects.
